

Metins Machinery Trading Co., Ltd

IATF 16949 and ISO 9001 certifications | Quotation within 24 hours

Metins is the leader manufacturer in the field of stamping parts, with stable suppliers on castings, plastic parts, laser cutting parts, CNC parts, so we are expert in assembled parts with best price.

Metins is the team that committed to offer one – stop source service to customer, Three professional engineers who can turn your idea into 3D drawings; Four experienced QC, who can keep you from quality problems;

Seven responsible production manager, who can guarantee the parts delivered in time. If you need to outsource APART, Metins is there for you! Free of samples, free of stock, on time delivery , all are making your job easier, maximise your profit and minimum the risks at same time !

Fastener: Non-standard washers, bolts ,clamps and toggles latches.

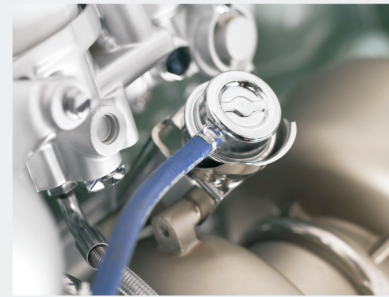

Auto Parts: Garage Door hardware, truck and trailer hardware, towing trailer parts, auto fabrication parts.

Building Hardware: Parts used in pipe-supporting system, brackets and roof hooks in solar system, window and door hardware , pedestal in raised access floor system, drainage covers in liner drainage system, build-in fittings.

Industrial Hardware: Parts in high pressure pipe system, HVAC system, dust handling system, industrial machinery.

Other custom-made parts: Including plastic injection parts, assembled parts with many segments, ODM/OEM parts.

Industrial fastener

Material: Carbon steel, Stainless steel, Alu., Copper ect.

Finishing: ZP/YZP, H.D.G., Polishing, Anodizing ect.

Grade: 4.8/8.8./12.8

Way of the quotation and production: based on drawings or samples.

Application: Railway, bridge construction ,auto fields industrial machinery

Industrial fastener

Building Hardware

Material: Carbon steel, Galv. Steel, stainless steel, Alu. ect.

Finishing: ZP, H.D.G., Passivation, Powder coating, Painting ect.

Certification: ISO9001:2000

Application:

Solar Panel system hooks, Wooden structures, Building construction, Building internal decoration, Glass Curtail walls ect.

Building Hardware

Building Hardware

Industrial Hardware

Material: Carbon steel, Galv. Steel , stainless steel, Alu. Alloy ect.

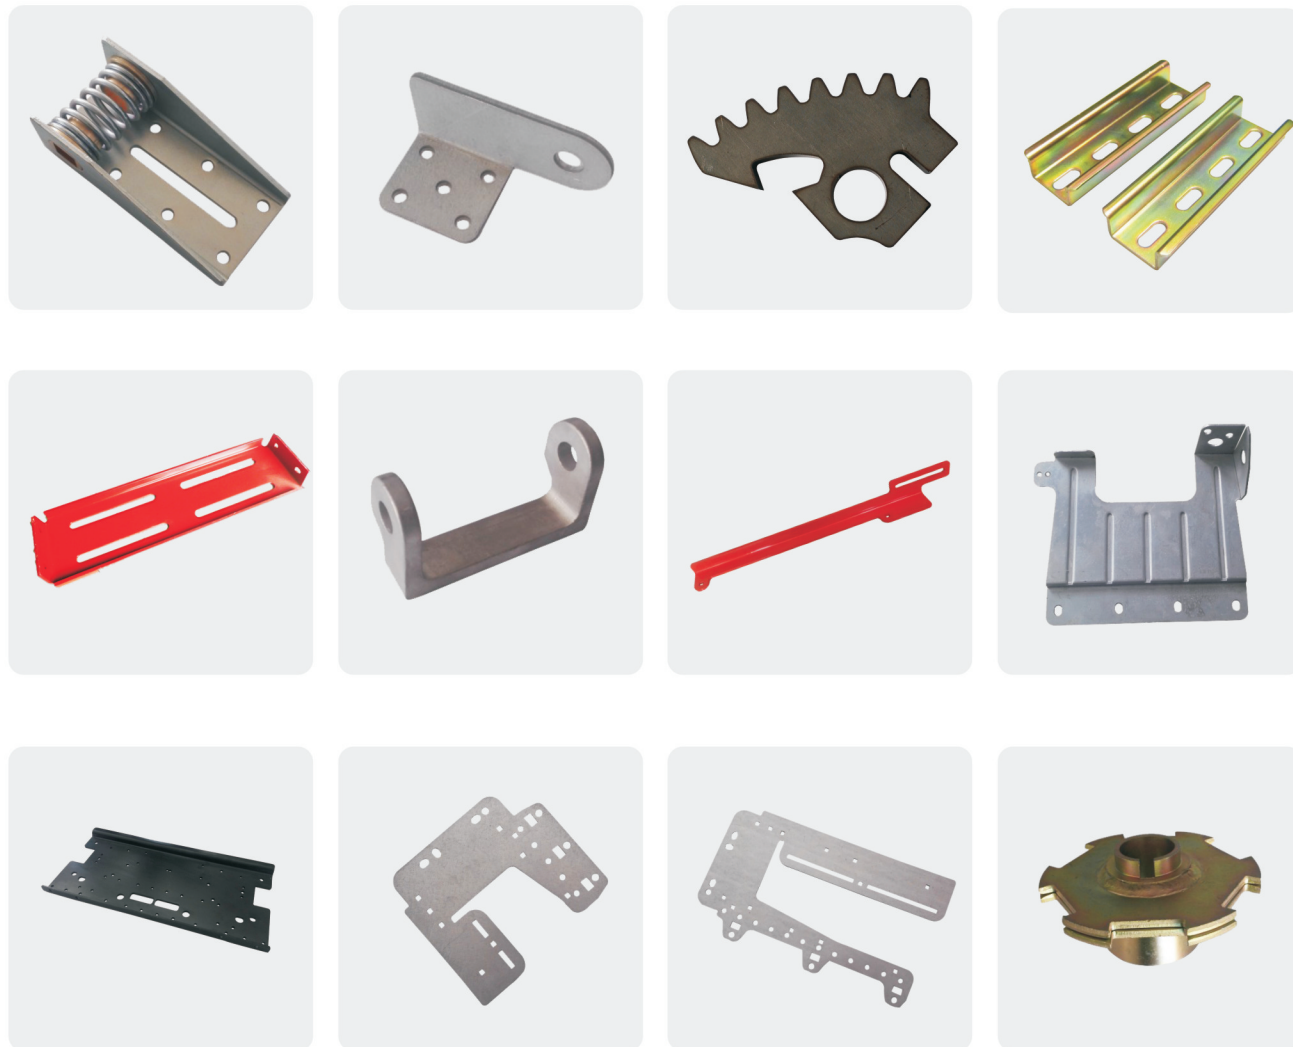

Finishing: ZP, H.D.G., Passivation, powder coating, painting ect.

Certification: ISO9001:2000

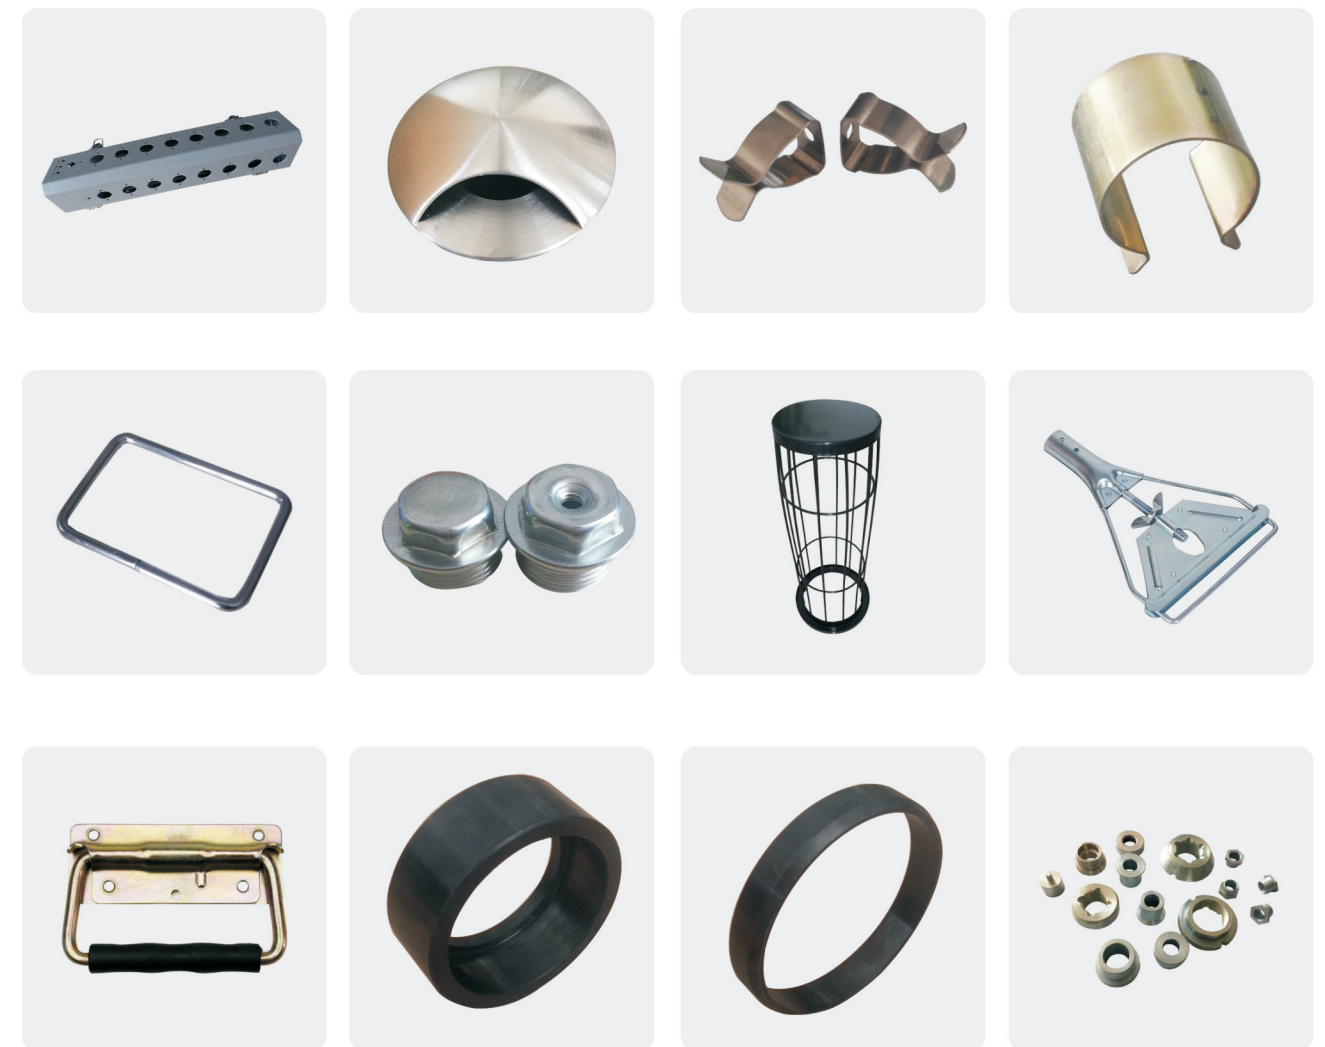

Application :

Industrial machinery accessories, ,Dust handling system parts, High pressure pipe system ,HVAC system etc.

Industrial Hardware

Industrial Hardware

Auto Parts

Material: Q345B, QSTE420, S.S. 304/316/316L ect.

Finishing: ZP/YZP, Painting, Powder Coated , Nylon coated ect.

Certification: ISO/TS 16949

Way of the quotation and production: based on drawings or samples.

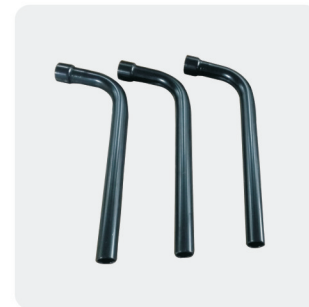

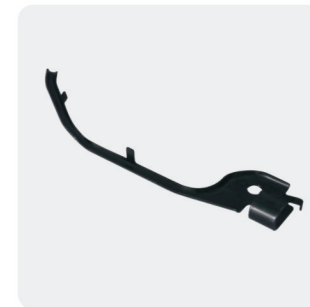

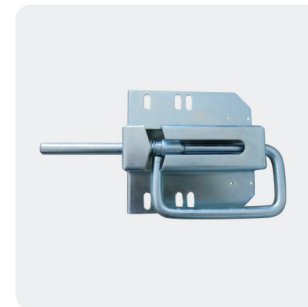

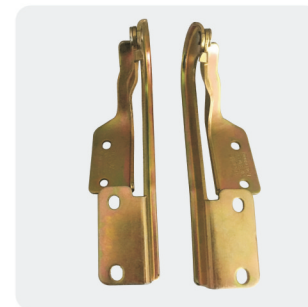

Application:

Auto brake system , Wheel balance , car tools

Auto Parts

Auto Parts

Truck and Trailer Parts

Material: Q345B, QSTE420, S.S. 304/316/316L ect.

Finishing: ZP/YZP, Painting, Powder Coated , Nylon coated ect.

Certification: ISO/TS 16949

Way of the quotation and production:
based on drawings or samples.

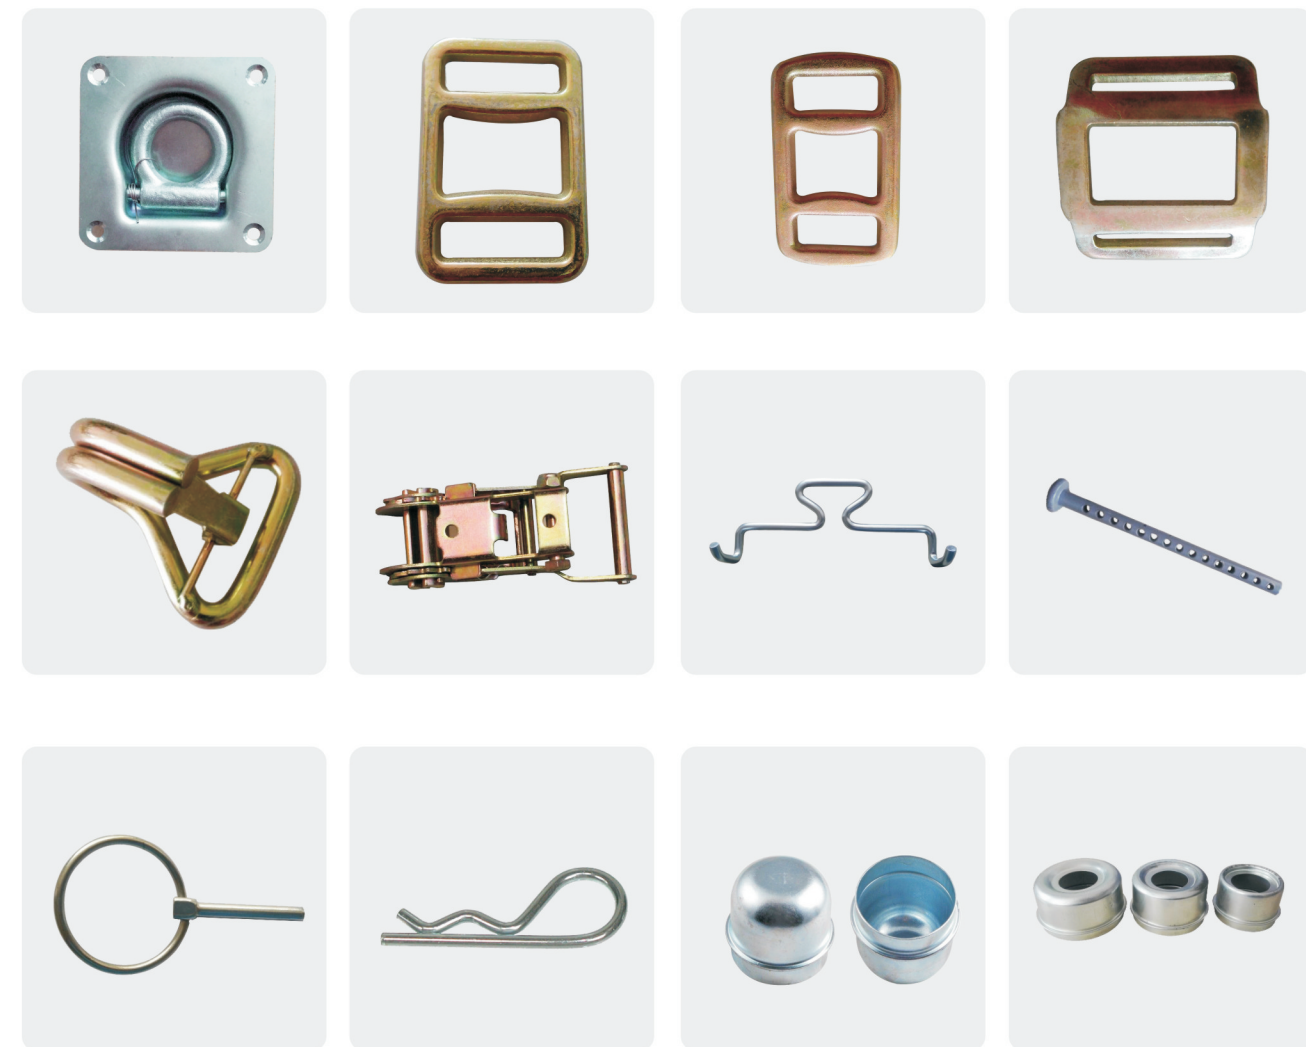

Details of the parts :

Truck hinges, towing trailer parts, boat trailer parts, Ratchet , fork bracket, link hooks, handles etc.

Truck and Trailer Parts

Truck and Trailer Parts

Pipe system support parts

Material: Carbon steel, stainless steel, Galv. Steel ect.
Finishing: ZP/YZP , Passivation, H.D.G. Power Coated ect.
Certification: ISO9001:2000
Parts details:
 Two-screw clamps, Strut, Quick Lock Clamp, Clamps For Ventilation, Clamps for Electrical Installment, Heavy Duty Clamps, P clips

Pipe system support parts

Pipe system support parts

Plastic injection parts

Material: PP, PE, PVC, Nylon6/66, Nylon + % Glass fiber, ABS, POM, PU, EPDM, Bakelite ect.

Color: Black, white, or as customer required.

Application:

Window and door accessories, Auto accessories, Building construction, Covers and Caps.

Plastic injection parts
