CERAMIC ELEMENTS MADE

COMPANY PRODUCTS
CATALOGUE

Our company established in the "Pottery Capital of China", Chaozhou City Guangdong Province in 2000, has grown one of the stronger enterprises with matching products enterprises in the sanitary ware household industry, owing its own production bases a for sanitary ware, bathroom cabinet, massage tub, steam room and auxiliary matching products in China, manufacturing mainly 10-odd kinds of sanitary ware, high-grade wood cabinet, surfing massage bathtub, luxurious steam room, glass washbasin, matching hardware tap, shower and so on.

COMPANY PROFILE

Following the operational concept of "take science and technology as the guide", "take quality as the life and service for the development", upon the international first-rate industrial design and research and R & D technology, experienced 10-odd years of sharpened baptism of international market, our Company ha taken a lead to pass the strict attestation of international quality system ISO9001 and CE certification, established two main operational departments for the international trade and the domestic sale, achieved its high-efficient management mode of design and R&D, production & Selling, logistics & after-sales seamless docking. It has formed a long-term OEM strategic partner relationship with many world's famous professional building materials markets and supermarkets with its product quality and specifications meeting European standards, sold well to 30-odd provinces, cities, autonomous regions in China, exported in batch to 50-odd countries and regions such as Europe, Turkey, Southeast Asia, Singapore, Africa, the Middle East, Dubai, United Arab Emirates, Iran, Korea, Russia and so on. Trusted and praised deeply by foreign and domestic customers. Our Company has achieved more than 1000 quality networks in the world and more than 2 million clients, with its brand and products reputed all over the world.

To devote itself to the high-quality life demand of the global customers, our company invested huge capital in Chaozhou to increase productivity in 2000, set up its product R & D center and large production base, and introduced foreign advanced technology and large automatic tunnel kiln production. Our company has currently its production area up to 80000-odd square meters and 480 workers, with its annual productivity 4 million pieces, fully meeting all kinds of customers demands, turning one of the largest domestic enterprises of sanitary ware production. In order to serve the global customers better and promote the enterprise's core competitive ability, our company enterprise forges ahead, upgrading constantly in its product R & D, technology innovation, marketing system, insisting its R & D and design of environmental protection, water-saving, comfortableness and health, and bringing a brand-new modern sanitary bath life enjoyment for the global customers.

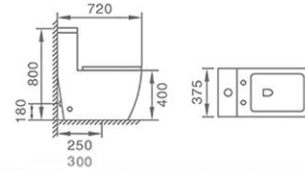

It appears to float gently in its surroundings-creating the sense of weightlessness that translates throughout the series.

BEAUTY CURRENT

Rhythm of space originates from the design inspiration; everlasting beauty flows in the plain lines and common life is pregnant with the lofty ideas.

44.

BASIN

CONCISE

Straight lines and elegant soft curves exist side by side in the mild, delicates and luxurious atmosphere. It seems random, but simply decorates the entire series and gives out noble and charming flazour.
